Dear Mr. Nag:

Thank you so very much for the holiday gift certificates for children in the Weekend Miracles program! For children in foster care, the holidays can often be a difficult time. The gift cards were a wonderful addition to the gifts that we gave children in our program. You obviously know how much today's teens love Target!

We know that the Sumil Shah Foundation knows the importance of loving families for every child. Kidsave's vision is to help transform communities worldwide so that no child is forgotten and every child grows up in a family, with love and hope for a successful future. In the Weekend Miracles program, we are working to build a community of support around older children in foster care waiting for adoptive families as we help them to find those families.

In the past eight years, Kidsave has helped over 2,500 children from foreign orphanages find families, either in the US or in their home country. We hope to be as successful for children in the US, in foster care.

Community partners are critical to the success of our new Weekend Miracles program as we face the challenge of building both the program and the critical community support needed for it to flourish. So we thank you for partnering with us.

We invite you to join us for an upcoming Family Event so you can meet some of the children in the program. (All events are listed on our website at <http://www.kidsave.org/mmaker.shtml#dcwm>.) And we look forward to working with the Sumil Shah Foundation in the future.

Thank you again.

Sincerely,

Susan Punnett
