Dr. Shah;

Representing the Pediatric Center at Suburban Hospital, we would like to express our sincere appreciation for your donation of toys for our pediatric patients again this holiday season. You have been a great supporter of the Pediatric Unit at Suburban. An unfamiliar environment, especially a medical one, is scary and produces anxiety in children. No one wants to spend time in a hospital during the holidays so every little bit of "ILC" that we can offer our patients is helpful to ease some of that anxiety and fear. The staff has enjoyed being able to offer a "special" gift to the children who come to the pediatric Center and it can help to promote a feeling of comfort and understanding which actually improves the healing environment and the children loved the toys.

On behalf of the staff and our "little" patients, we would like to thank you very much for your generous donation.

Best Regards;

Karen Kingry, MD
Medical Director
