- *Touching the Lives of Children* – Our thanks to the Sumil Shah Foundation, which donated a huge number of toys to our hospital for distribution to children who come to our Emergency Department during the holiday season. The Sumil Shah Foundation, founded by Ajit Shah, MD, and his family, is dedicated in loving memory to Sumil Shah, Dr. Shah's youngest son who passed away in 2002. The foundation's mission is to provide the basic necessities to children through contributions and outreach programs that foster values such as kindness, helpfulness, personal responsibility and respect for others.
